HEALTH ACTUARIES & CONSULTANTS

Axene Health Partners, LLC Announces Merger with Dynamic Vision, Inc.

Axene Health Partners, LLC (AHP) is pleased to announce its merger with Dynamic Vision, Inc. (DV) to be effective October 1, 2017. Michael Gill, DV's founder and sole owner will join AHP's leadership team. This transaction advances AHP's strategic business plan to offer a broad set of consulting services through the integration of actuarial science with the practice of medicine. The inclusion of DV's highly specialized systems engineering and IT expertise expands AHP's offering to meet our client's diverse needs.

About AHP

AHP was founded in 2003 as a California limited liability company and is wholly owned and operated by its Partners. AHP is a professional services firm headquartered in Murrieta, CA with established offices in Portland, OR, Pittsburgh, PA and Charlotte, NC in addition to other locations in Washington, California, Texas, Connecticut and the Washington, DC area. AHP provides actuarial, analytical and care management consulting services by its experienced actuaries, physician consultants and health care analytics team.

About DV

In 2007 Michael Gill founded Dynamic Vision Inc., a software development agency specializing in healthcare technology systems. As owner and CEO, Mr. Gill leads a team of professional designers, developers and IT architects. Dynamic Vision has designed and implemented technology replacing legacy systems with innovative architecture and tools used by organizations such as Amerigroup, United Health Group, Centene, and the Ohio Department of Medicaid. DV's expertise is wide-ranging and covers areas such as software application development, data warehousing, cloud architecture, and API integration systems.
