office: 951.239.4469
cell: 951.704.8523

Ryan Bilton is an actuary in the Temecula office of Axene Health Partners. He brings a diverse background in data and financial analysis to the firm. His unique perspective helps clients efficiently analyze data and gain insights into risks that might have gone overlooked. Whether writing code from scratch or analyzing financial statements, Ryan is committed to delivering value to all of our clients.

Prior to joining Axene Health Partners, Ryan co-founded an electric aircraft start-up called Ampaire. As part of his Chief Financial Officer duties, he built proforma financial models and operating costs models to demonstrate product value. In addition to being responsible for market research, he created and implemented control processes to ensure accurate financial reporting and risk measurement. Ryan also worked at top-tier banking and trading firms in Chicago before starting Ampaire.

Ryan has extensive experience which includes:

- Enterprise Risk Management
- Valuations
- VBA macros and Excel
- R
- Predictive analytics

Ryan holds a Bachelor of Science in mathematics and a Bachelor of Arts in economics from Wheaton College. Ryan is a Chartered Enterprise Risk Analyst, an Associate of the Society of Actuaries and a Member of the American Academy of Actuaries.

He lives in Chino Hills, California and when he steps out from behind the computer, Ryan enjoys exercising, spending time with family, and churning his homemade ice cream.
