

RYAN K. BILTON
Actuarial Assistant

ryan.bilton@axenehp.com
office: 951.239.4469
cell: 951.704.8523

Ryan Bilton is an actuarial assistant in the Temecula office of Axene Health Partners. He brings a diverse background in data analysis to the firm. His unique perspective helps clients get the most from their data and gain insights that might have gone overlooked. Whether rolling up his sleeves to code a solution from scratch or debugging an existing database, Ryan is committed to delivering value to all of our clients.

Prior to joining Axene Health Partners, Ryan co-founded an electric aircraft start-up called Ampaire. As part of his Chief Financial Officer duties, he built proforma financial models and operating costs models to demonstrate product value. He created and implemented control processes to ensure accurate financial reporting and risk measurement.

Ryan has extensive experience in data analysis including:

- Enterprise valuation analysis
- SQL database design
- VBA macros and Excel
- Causal driver analysis
- Python/R programming languages

Ryan holds a Bachelor of Science in mathematics and a Bachelor of Arts in economics from Wheaton College. He graduated Cum Laude and has is working on his actuarial exams.

He lives in Murrieta, California and when he steps out from behind the computer, Ryan enjoys spending time with his family.
